

2011 IEEE International Conference on Fuzzy Systems

June 27–30, 2011, Taipei, Taiwan

Call for Papers

SS10 Medical and Wellness Engineering

Submission Deadline: January 15, 2011

http://fuzziieee2011.nutn.edu.tw/Special_Sessions.htm

The proposed special session aims to concentrate the efforts of the community of researchers that aim development of new system to solve real biological, medical, wellness, and health care problems by designing methods, techniques, algorithms, software and implementations of Fuzzy Systems. The interest topics include but are not limited to the medical systems, health care systems, and biological and biometrics related data processing.

Keywords of topics of interest:

- Medical image Processing of MRI, X-ray CT, PET, Ultrasonic and so on
- Medical Imaging
- Medical system
- Health care system
- Telemedicine
- Data mining of medical records
- Nursing art
- Medical Device and Sensors
- Telemedicine
- Telecare
- Wellness related systems

ORGANIZER

Yutaka HATA, Ph. D, IEEE Fellow, Professor

Graduate School of Engineering

University of Hyogo, Himeji, JAPAN
