

**2011 IEEE International Conference on Fuzzy Systems
Grand Hyatt Taipei, Taipei, Taiwan**

Call for Papers:

**Special Session on Communication Robotics
and Computational Intelligence Co-creation**

Submission Deadline: January 15, 2011

This special session aims at discussing communication robots, their technologies based on computational intelligence, and the applications, where co-creation between humans and robots are achieved in casual communication.

Topics of interest include, but are not limited to theory and application of:

- Communication Robotics
- Computational Intelligence
- Co-creation
- Human-Robot Interaction (HRI)
- Human-Agent Interaction (HAI)
- Human Communication
- Mentality Expression
- Partner or Communication Robots
- Human Interface Systems

Papers are invited from prospective authors with interest on the related areas.
